Yy is for Yellow Dwarf Star

# Zz is for Zodiac Signs

***Space: From A to Z*** is a collaborative publication by the 2022 - 2023 First Semester Introduction to Digital Art and Photography class. The idea behind the publication was to be collaborative; each artist was working towards group success. The team of artists began with conversations in small groups to brainstorm ideas for the theme of the book, then came together to make choices such as page size, illustration size, font choices, and letter assignments. This team of artists worked both independently and collaboratively, resulting in this book to give to the young readers in their community.

**Yy is for Year**
